

2018/19 Hong Kong GreenMech Video Competition

Team members: 4B Tiffany Chan
 4C Audrey Ko
 4C Samantha Lee
 4D Monie Yau

Organized by: The Hongkong Federation of Youth Groups
Secondary and Open Division

Award: Silver

Participants applied different science principles and green energy concepts in contraption design and technology. They designed and built a system with different kinds of exchange modules and record a video. Their creativity, team spirit, problem solving and systematic thinking skills was greatly enhanced.
