

# Maryknoll Convent School (Secondary Section)

## Installation of Solar Film

Solar Film funded by Woo Weelock Green Fund under the Environmental Education and Action Projects has been installed on the windows of the following rooms in January 2013. With the solar film installed, heat penetration through the glass windows has been controlled. The cooling requirement for our air conditioning and electricity consumption has subsequently been reduced.

### Jockey Club Wing

1/F Staff Room

2/F Staff Common Room & Conference Room

3/F J32, J32, J33 & J34

4/F J41, J42, J43 & J44

### Roger's Annex
