# Message from the PRINCIPAL

Dear Parents,

"To Home, To Country, To the World" – I'm certain you've heard your daughter singing this iconic line from our beloved school song.

This powerful phrase represents the spirit of community and dedication to students that we pride ourselves on at Maryknoll. It serves as a reminder that home is the starting place of education, where love, hope, and dreams are nurtured. Our school is not simply a place for lessons; it is a home where your child's journey begins. When school and home work together in harmony, our children receive the best education and love, enabling them to grow and flourish.

As the new principal, I am truly honoured to lead and support this mission alongside all of our parents. Since joining this extraordinary school, I have been deeply moved by the strong bonds formed between our dedicated staff, engaged parents, and enthusiastic students. It is this collaborative spirit that sets our learning environment apart and creates a nurturing atmosphere for our students.

This has also been my first year working with our outstanding PTA Executive Committee, who have been instrumental in supporting the school through their strong partnership. I eagerly look forward to discovering new ways we can collaborate to further enhance each child's educational experience.

Together, let's empower your daughters to reach their full potential and make a positive impact on our community, our country, and the world.

Sincerely yours,

Meimei Chan

# Message from the **CHAIRPERSON**

Dear Parents,

As the chairperson of the PTA, this year has been a truly enlightening and enjoyable journey for me. I have had the privilege of collaborating with dedicated teachers, committed ExCo members, supportive parent helpers, and enthusiastic students, whose collective efforts have made our projects and activities successful. I would like to take this opportunity to express my heartfelt gratitude to our school supervisor, principal, sisters, teachers, staff, parents, and students.

We have achieved numerous goals, including providing continuous support to our students through sponsoring the purchase of microwave ovens, offering scholarships, organising the Joyful Fruit Day, and providing prizes for the funfair. We have also established the Golden Library, a life planning workshop that fosters face-to-face interaction and communication (真人書), inspiring and encouraging students to proactively plan for their future. Additionally, we have organized various seminars and interest classes for parents, as well as joint events with our primary section, facilitating better collaboration.

Next year marks our school's 100th anniversary, and we wholeheartedly encourage parents to actively participate in our PTA activities. It is a great honour to serve the school that both my daughter and I hold dear to our hearts. Let us embrace challenges and strive for excellence together, promoting and maintaining a safe, healthy, and joyful environment for our daughters.

Regards,

Frances Lau

very much.

Thanks for your sharing, Michelle!

如果想讀牙醫或與醫療相關科目，  
修讀Chem再加上Bio，會不會更有  
優勢？

聯招額外加分是如何計算？  
例如：Chem考獲4分，公式  
是  $4 \times 1.5$  或是  $4 \times 2$ ？指  
定學科能否獲數次加分？

Thank you so much for sharing. 😊

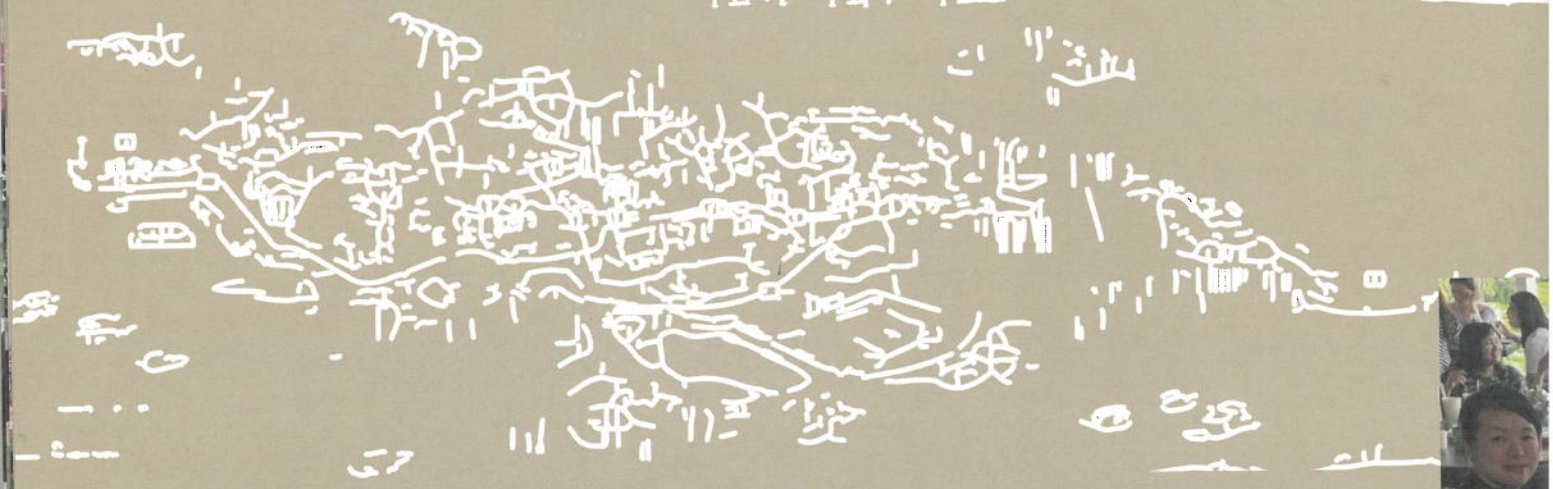

MCS選科的優先次序是如何安排？是  
否按級名次？

M1和M2的分數要求有沒有  
不同？
