Message from our Principal

Dear Parents,

"The earth does not speak in thunder, but in the quiet fruitfulness of every growing thing."

These words came to me as I thought about our parents. They capture how I see your role in our school community. Our Maryknoll student handbook describes a graduate as "a loving and compassionate person with moral and religious values, who is intellectually competent, open to growth, and willing to serve." This year, I have seen those same qualities reflected in you. You are the nourishing earth that helps our daughters grow.

Principal
Ms Meimei Chan

You have shown what it means to be open to growth. The wide range of parent courses — online and in-person — has been met with strong participation. Your eagerness to learn, to understand your daughters better, and to strengthen your parenting humbles me. And so, I now challenge our girls, if you are reading this: as your parents bend toward you with open hearts, seek to understand their thoughts and feelings — how they grew from adolescents to mature adults, their struggles, and their prayers.

Our parents have also been willing to serve. You are present at every school function the moment you are needed. More volunteers than ever. Higher turnouts at breakfast meetings. All of this speaks one language: a deep, abiding love for our girls.

At Maryknoll, we often think of teachers as the gardeners. How humbling it is to realize that you are the nourishing earth. We have so much to learn from you.

With deepest gratitude,
Meimei Chan
Principal

Message from our PTA Chairperson

Dear Parents,

It is my great honour to serve as Chairperson of the Parent-Teacher Association this year. As we look back on the past months, I am deeply grateful for the unwavering support, dedication, and collaboration shown by you.

From organising workshops and gatherings to supporting school events and initiatives, the PTA has worked hand in hand with all of you to foster a spirit of unity and service. These efforts remind us that education is not only about academic achievement, but also about nurturing values, friendships, and resilience.

In this 21st century, the role of parents is indeed full of challenges. Especially as we face the rapid changes of adolescence, I am deeply convinced that education must be a partnership between home and school—neither can stand alone.

With your continued participation, we will carry forward the traditions of Maryknoll while embracing new opportunities to grow and shine together.

On behalf of the PTA Executive Committee, I sincerely thank each of you for your contributions and encouragement.

With warm regards,
Tamey Lui
Chairperson

Joyce Lo

It is a joy to work with such a dedicated and collaborative group of parents. Together, we have built a strong bridge between home and school that truly benefits our students.

Clare Leung

It has been an honour to work with the PTA Parent ExCo on several wonderful programmes. The ExCo and parent volunteers keep high spirits and generously give their time to support students and staff. They always wear a smile at school. Through this experience, I've learned to manage my time more effectively despite a busy teaching schedule.

Carol Ma

Serving on the ExCo this year has been a rewarding journey. Reaching the Peak mid-term was a fantastic highlight, symbolising the strong spirit and collaboration. We've built together all year long.

Vivian Yau

My first year as a PTA ExCo member has been a joyful experience of knowing and working with supportive parents. Their love for the school and teamwork with teachers inspire me, as together we support our girls to continue growing in the MCS community.

Theresa Siu

It has been a privilege serving this harmonious team! I've cherished our parenting seminars, tea gatherings, and your wonderful homemade snacks. Thank you for making this year so flavourful and fulfilling.

Jasmine Cheng

It's an honour to serve on the PTA. So grateful to collaborate with passionate parents and teachers, creating wonderful memories for our children together.

Kan Wong

This is my third year serving as a PTA ExCo member. Initially, I would like to know more about the school life of my daughter and the school's administrative operations by being a PTA committee member. Over time, I have come to realise the importance of home-school cooperation, through which we can offer suggestions on the best possible ways to improve the overall learning environment for our students. It is truly worthwhile for parents to contribute their time to participating in PTA activities. Furthermore, as the only male member on the committee, I strongly encourage all fathers to get involved in PTA activities. I have had wonderful experiences working alongside all the mother committee members.

Carly Ng

It has been truly rewarding and meaningful serving on the PTA with dedicated and passionate ExCo members as well as parent helpers. Together we create events and memories with our girls and the School. O School, we love Maryknoll ❤️

Stephanie Chen

Serving on the PTA has shown me the power of partnership. Grateful for every parent's support — together we make our school community stronger.

Eva Li

I am honored to serve on the PTA ExCo this academic year as my daughter begins her secondary journey. This transition is a significant milestone. I am deeply impressed by the school's unwavering support during this new chapter. Witnessing the enthusiasm and dedication of fellow parents is truly inspiring.

Tina Yu

Greetings! Over my three-year journey with the PTA, I have witnessed firsthand the school's dedication to our daughters' well-being. The PTA strives to complement the school's rhythm, embodying the spirit of 'Home-School Partnership.' I believe that once you choose a school, trust is key; it is within this environment of mutual trust that our children truly thrive.

Religious Group Pilgrimage

Message from Sr Sue

It is always a joy to share with the Religious Group of the Parent-Teachers Association. Our monthly gatherings offer a safe space to convey what has been happening in our lives, to support and strengthen each other and to gain wisdom from the group. In addition to our life stories, we try to connect them to the Gospel of the day which keeps us centered.

Not only do we meet monthly, but we also have some very interesting outings, visits to other Churches and venues, of course, a meal or two together, and opportunities to volunteer to help for some school events.

I would encourage anyone who is interested to join this group. We do not limit ourselves to only Catholics, but are open to anyone who has the desire to develop or deepen his or her own faith life in a very supportive setting. Our gatherings take place monthly for an hour following the regular PTA breakfast gathering.

Words from volunteer

Being a PTA volunteer is a meaningful and fulfilling experience of caring, serving, and contributing to the Maryknoll community and beyond. Seeing smiley faces at school activities and souvenir sales lights up my heart, and working with the enthusiastic PTA committee and parent members injects so much energy into me. A journey definitely to be continued!

Parent Breakfast Gathering

Words from volunteer

除了欣慰女兒能享受MCS的校園生活外，自己更珍惜有機會藉着家長義工的身份參與女兒口中的「班中事」以外的學校活動。從協助準備早餐會的事前安排至校內外不同活動的參與過程中，我認識很多不同年級的家長，大家分享了對女兒的教育、培養及對「青春期」的她們的種種看法及經驗。
